

Fitness to Study Policy

Purpose

1. The Fitness to Study Policy is designed to enable BEC Teacher Training (BECTT) to respond to and manage concerns regarding a trainee's health or behaviour where this is seriously impacting on them and/or others and indicates that they may not currently be fit to study. The aim of the policy is to support the trainee through to successful completion of their studies where possible.

Scope

2. This policy applies to all trainees enrolled on a course offered by BECTT.
3. The Fitness to Study Policy should be used where trainees require support or intervention beyond the remit of standard procedures. Concerns should be considered through the appropriate procedure in the first instance, for example the Extenuating Circumstances Policy.
4. Concerns about a trainee's fitness to study may be raised from any source, including any member of staff, trainee, placement partner, the Occupational Health Service or other agencies such as the Police or Social Services. A concern may also be raised as a result of an application made under the Extenuating Circumstances Policy or Academic Appeals Policy, or as a result of an investigation under the Trainee Discipline Policy.
5. A concern regarding a trainee's fitness to study may arise due to:
 - the trainee demonstrating behaviour that poses a risk of harm to either themselves or others;
 - the trainee's behaviour and/or circumstances significantly impacting on their ability to achieve the competence standards or learning outcomes required;
 - the trainee's health or behaviour causing disruption to the teaching, learning or support of another trainee.
 - concerns from staff regarding the trainee's fitness to study in a tutor environment and/or within a placement; or
 - the trainee's continued lack of awareness or willingness to engage with support.
6. Trainees who present at BECTT with physical, mental or emotional wellbeing difficulties should be considered from a supportive perspective rather than a disciplinary one. However, BECTT reserves the right to invoke investigative or disciplinary procedures where appropriate, for example:
 - where the trainee's health or behaviour poses a risk of harm to either themselves or others; or
 - where the trainee does not positively respond to supportive interventions; or
 - where mitigating factors have been explored and it is found that they do not mitigate behaviour in breach of BECTT's regulations.
7. Should a trainee be unwilling to participate in proceedings, the policy should continue in their absence.
8. Where it is deemed appropriate and necessary, a trainee may be suspended from their studies at any point during the proceedings while a fitness to study concern is being considered.

9. This policy should not be used to address academic performance issues. Such issues should be dealt with through normal assessment procedures.
10. The Fitness to Study Policy is not intended to replace the Fitness to Practise Policy, although a case raised under the Fitness to Practise Policy may also lead to consideration of the trainee's fitness to study.

Expectations

11. BECTT encourages trainees to inform BECTT at the earliest opportunity of any disability or health condition that may affect their ability to study or that may require support arrangements to be put in place, and expects that trainees will engage with the support arrangements available.
12. Where a trainee chooses to remain on a course, the consideration of any concerns raised about their fitness to study will start from the point of view that the trainee has taken the decision that they are fit to engage with the programme.

Commitments

13. In considering any concerns, appropriate attention will be paid to the requirements of the Equality and Diversity Policy. In particular, reasonable adjustments will be made for those with disabilities, specific learning difficulties or long-term medical conditions.
14. BECTT will also take account of relevant legislation such as the Data Protection Act (1998), the Mental Health Act (2010), the Human Rights Act (1998) and the Equality Act (2010).
15. All proceedings should be conducted on the basis of strict confidentiality. All parties to the concern and individuals who have been involved in any related investigation and/or the management and/or the administration of the concern will observe the requirements for confidentiality. Whilst confidential information may need to be disclosed in order to consider the concern and potential risk, this will only be to those staff involved in the consideration of the concern.
16. Trainees can access impartial and confidential advice from a representative of a teachers' union.
17. Audiotape recordings of meetings will not normally be allowed, although reasonable adjustments may be made if required in accordance with the Equality and Diversity Policy. Requests for adjustments must be made in advance to the SCITT office.

POLICY FOR DEALING WITH CONCERNS ABOUT A TRAINEE'S FITNESS TO STUDY

18. Concerns about a trainee's fitness to study should be made to the Executive Director, normally in writing using the Fitness to Study Concern Form (Appendix 3). Concerns may also be raised through internal processes, including the Extenuating Circumstances Policy.
19. The Fitness to Study Policy has three stages, based on the potential risk of harm to the trainee and/or others. Each stage is designed to support the trainee and provide opportunities for engagement with BECTT's services to enable the concerns to be addressed and the trainee to progress. Paragraphs 20 to 55 set out the normal route that fitness to study concerns take. However concerns where there is deemed to be a high risk of harm may proceed straight to stage 2.

Initial consideration

20. On receipt of the concern, the Executive Director, in consultation with the trainee's mentor and the Course Director, will evaluate the risk to the trainee and/or others and take such immediate action as is deemed appropriate to safeguard all relevant parties, but without prejudice to the outcome of proceedings. This may include recommending to the Accounting Officer that the trainee be suspended as an interim safeguarding measure. The trainee will be informed in writing of the suspension by the Accounting Officer. The Executive Director will keep any such suspension under review.
21. If the Executive Director determines that the risk is low, the concern will be managed under Stage 1 (informal stage), with BECTT's procedures and services. If the Executive Director determines that the risk is high, the concern should proceed to Stage 2 (formal stage part 1) for consideration by the Fitness to Study Case Review Group (CRG).

Stage 1: Mentored engagement and processes (informal stage)

22. On becoming aware of a concern, a Case Worker will be appointed, who will work in close liaison with the personal tutor/mentor and should arrange a supportive meeting with the trainee, to discuss the nature of the behaviour that has caused the concern raised. Where appropriate, information should be given to the trainee about sources of support available and BECTT's procedures, such as the Extenuating Circumstances Policy. The trainee should be given the opportunity to explain their point of view, and should be encouraged to use one or more of the sources of support available.
23. At the end of the meeting, the Case Worker should set clear expectations and/or appropriate actions should be identified. A review period, normally of three weeks, should be agreed to allow the trainee to consider their behaviour and engage with the support available. To ensure transparency, the trainee should also be informed that if they are unwilling or unable to co-operate with the process or are unable to modify their behaviour, then the case may proceed to the formal stages of the Fitness to Study Policy.
24. A record should be made of the discussions and the actions agreed, with a copy given to the trainee and the mentor/tutor. The Case Worker should also retain a copy on the trainee's file. Should the case proceed to the formal stages of the policy, a copy of this record should be provided to the Executive Director.
25. At the end of the review period, the Case Worker should meet with the trainee to discuss the steps taken by the trainee to address the concerns. If the concerns have been addressed satisfactorily, for example the trainee is engaging with support processes and showing signs of progress, then this will be noted and the trainee will be monitored through BECTT's procedures. If the concerns have not been addressed, a further review period may be agreed or the case may proceed to Stage 2 (formal stage part 1).
26. It is hoped that, in most cases, the concerns can be satisfactorily addressed at this stage and that trainees will respond positively, co-operating fully with the process and taking advantage of the support available.

Stage 2: Structured engagement and processes (formal stage part 1)

27. If the action taken at Stage 1 has not been successful or if it is considered that the case is too serious to be resolved at Stage 1 and there may be a need to identify a specialist support intervention, the case should proceed to Stage 2 (formal stage part 1).
28. The Executive Director will pass all relevant documents, including the Fitness to Study Concern Form and a record of any agreed actions from Stage 1 where appropriate, to the SCITT office, who will convene a meeting of the CRG.
29. The CRG will comprise:
 - Executive Director (Chair)
 - The trainee's mentor/tutor (as appropriate)
 - Course Director (or equivalent) or nominee
 - Disability or Mental Health Adviser or Counsellor (as appropriate)

A member of the SCITT office will be in attendance to record the discussions, the CRG's decision and justification for that decision.

30. The trainee will be informed in writing by the SCITT office at the earliest opportunity, and normally within five working days of referral of the case, that a CRG is being convened to discuss the case, the nature of the concern and the procedure being followed.
31. The trainee will be asked to submit a statement in response to the concern, along with any documents, such as medical reports or certificates where relevant, to the SCITT office within ten working days of the letter informing them of the concern. In certain cases, the trainee may also be invited to attend the meeting of the CRG to give their representation in person. Where a trainee is invited to attend, they may be accompanied at the meeting by a friend. A friend is defined as a member of staff of BECTT or one of the schools, or a registered trainee of BECTT, or a member of staff or sabbatical officer of a teachers' union. The role of the friend is to act as an observer, give moral support and to assist the trainee to make their case. In addition, where reasonable adjustments are required, a trainee may be accompanied by a supporter e.g. a sign language communicator or a note-taker, and a trainee with difficulty in understanding English may be accompanied by an interpreter.
32. The CRG will meet normally within five working days of the deadline for the trainee to submit their statement. The meeting will normally be in person, but a virtual meeting may be facilitated where appropriate.
33. At Stage 2, the role of the CRG is to consider the case and any potential risk to the trainee and/or others. The CRG will also take into account whether or not the trainee has engaged with standard support procedures identified at Stage 1 and whether the concern has escalated. If the trainee fails to provide a statement or does not attend the meeting when invited, the CRG will continue as planned and make a decision based on the information to hand.
34. The CRG, having considered the concern, may decide:
 - a) There is no need for additional intervention. The case will be closed and the trainee will be expected to engage with BECTT's processes and services in the usual way and maintain contact with their mentor/tutor.

- b) There is a need for further intervention. The CRG will identify recommended actions and/or the reinforcement of any existing interventions, the support to be provided and an appropriate review date. This may include the recommendation of a period of intercalation. The Case Worker will continue to be responsible for encouraging the trainee's engagement with the recommendations, ensuring that the appropriate support is in place and holding regular meetings with the trainee, normally every three weeks, to review their progress. The trainee should be informed that if they do not engage with and follow the action plan, the case may proceed to Stage 3 (formal stage part 2). The Case Worker should provide a written report to the CRG at the end of the review period.
- c) To refer the case to the Fitness to Study Committee. The CRG would normally only take this decision where a serious concern remains, and the suspension, exclusion or expulsion of the trainee may be the most appropriate course of action, or where the trainee does not engage with the process or does not agree with the recommendation to take a period of intercalation.
35. The trainee will be informed of the decision of the CRG, in writing via the SCITT office, normally within five working days of the meeting. The letter will also include a concise record of the discussions and the rationale for the decision, and provide details of the next steps where appropriate. A copy of the letter will also be retained on the trainee's file.

Stage 3: Consideration by the Fitness to Study Committee (formal stage part 2)

36. This stage of the policy will only be implemented following a referral from the CRG. Such a referral would normally be where:
- there are continuing and/or escalating concerns (as outlined in paragraph 5)
 - the trainee has not engaged with support procedures and recommendations made at stages 1 and 2 and does not wish to intercalate;
 - the trainee is engaging with support and monitoring, but serious concerns remain about their fitness to study;
 - there are other serious on-going concerns regarding the trainee's fitness to study.
37. The Chair of the CRG will refer the case, including all documentation considered by the CRG, as expeditiously as possible to the SCITT office, who will convene the Fitness to Study Committee (FTSC).
38. The FTSC shall comprise:
- Accounting Officer (Chair)
 - Course Tutor/Director or other senior academic if the Course Tutor/Director has previously been involved in the case as either the tutor or Case Worker
 - Members of the Strategic and Finance Board

A member of the SCITT office will be in attendance as Secretary to record discussions, the decision of the FTSC and the justification for that decision.

39. The Chair of the FTSC will review the documentation provided by the Chair of the CRG and determine whether a specialist assessment of the trainee should be sought prior to the meeting. The purpose of the assessment will be to provide the following information:

- the nature and extent of any condition from which the trainee may be suffering;
 - their prognosis;
 - the extent to which it may affect his/her fitness to study, ability to achieve the learning outcomes and meet the Teachers' Standards and/or manage the demands of trainee life;
 - any risk it may pose to others;
 - whether any additional steps should be taken by BECTT in light of the condition to enable the trainee to study effectively;
 - whether the trainee will be receiving any on-going treatment or support.
40. If a specialist assessment is sought, the trainee should be encouraged to consent to this as it will ultimately enable BECTT to address the concerns in the most effective manner possible. The cost of a specialist assessment will usually be met by BECTT. The trainee will also be asked to authorise full disclosure to BECTT of the results of the assessment, and will be provided with assurances that it will be treated in confidence. Should the trainee refuse to undertake the medical assessment or to share this information with BECTT, the meeting of the FTSC will proceed based on the information already available.
41. The SCITT office will arrange a date for the meeting of the FTSC as soon as possible (preferably within twenty working days), and will formally invite the trainee to attend. The trainee may be accompanied at the meeting by a friend as defined in paragraph 31. An explanation of the purpose of the meeting and copies of the documentation being considered will be sent to the members of the FTSC, the Chair of the CRG and to the trainee concerned, normally ten working days before the meeting.
42. The trainee and Chair of the CRG may request the contribution of relevant individuals who can present information about the case ("witnesses") and shall inform the SCITT office of the name(s) at least five working days prior to the FTSC. The decision of the Chair of the FTSC regarding witnesses to be called shall be final. In reaching a decision about witnesses to be called, the Chair will take into account their number and relevance to the matter in hand.
43. The SCITT office shall inform witnesses of the date, time and venue of the FTSC but is not responsible for ensuring their attendance. The unavailability of witnesses shall not restrict or delay the FTSC unless the Chair determines that their evidence may be material to the decision of the FTSC. Unavailable witnesses may submit a statement to the SCITT office for consideration by the FTSC. Exceptionally, a witness may be accompanied by a friend as defined in paragraph 31.
44. The trainee may also provide the SCITT office with a written statement and/or any other additional written evidence as he or she considers relevant to the case. Such information should be submitted at least five working days before the meeting and will be circulated to the FTSC and the Chair of the CRG by the SCITT office.
45. The SCITT office will send final confirmation of arrangements to the trainee at least three working days before the meeting. This will be sent to the trainee's email address and contact address and should include:
- the nature of the concern
 - membership of the FTSC
 - the name of the presenter of the case (who will normally be the Chair of the CRG)
 - the name(s) of any witness(es) called
 - the date, time and place of the FTSC

46. The FTSC will proceed in a quasi-judicial fashion. The order of proceedings will be at the discretion of the Chair, but should normally be conducted as outlined in Appendix 1.
47. The FTSC will consider the oral and written evidence submitted by the Chair of the CRG and any oral and/or written statement or evidence provided by the trainee. The FTSC has the power to seek such other evidence as it deems necessary to make an informed decision and may be adjourned to allow for such evidence to be gathered.
48. The FTSC will operate on the principle of the balance of probability and the decision reached should be the majority decision of the FTSC. Where there is a split decision, the outcome will be determined by the Chair of the FTSC.
49. The possible outcomes of the FTSC are:
 - a) The trainee can continue with their studies with appropriate support and an agreed action plan;
 - b) The trainee agrees to take a period of intercalation and return may be subject to conditions;
 - c) The trainee cannot currently continue with their studies and a period of intercalation is enforced, with return subject to conditions;
 - d) The trainee cannot continue with their studies and their registration with BECTT is terminated.
50. The SCITT office will inform the trainee and the Chair of the CRG in writing within five working days of the FTSC, giving clear and detailed reasons for the decision and any actions that need to be taken and, where appropriate, conditions that need to be met. The trainee will also be informed of the right to appeal against the decision of the FTSC in accordance with paragraphs 56 to 65 of this Policy.

Return to study

51. After a period of suspension or intercalation, the decision as to whether the trainee may return to study will be made by the Accounting Officer, in consultation with the Executive Director.
52. Where the trainee had been suspended as part of the Fitness to Study Policy, the Executive Director will be responsible for informing the Accounting Officer if and when the suspension may be lifted.
53. Trainees will only be permitted to return if BECTT is satisfied that they are fit to study and any conditions imposed on their return have been met.
54. Should BECTT have any continuing concerns about the trainee's fitness to study at the end of a period of intercalation, a medical assessment may be requested. If this is the case, BECTT will nominate an independent professional to carry out the assessment and cover the cost.
55. In any cases where a trainee returns to study following the implementation of the Fitness to Study Policy, BECTT may decide that a return to study plan is necessary to support and monitor the trainee during the early stages of their return. Regular review meetings may also be held. In such cases, the trainee must continue to co-operate and engage with these meetings, which may continue for a specified period of time or for the duration of their studies.

POLICY FOR APPEALS AGAINST DECISIONS OF THE FITNESS TO STUDY COMMITTEE

56. Written notice of appeals against a decision of the FTSC must be submitted to the SCITT office within five working days of the written confirmation of the decision of the FTSC.
57. The grounds on which an appeal against the decision of the FTSC can be considered are:
- the FTSC did not make reasonable efforts to acquire all relevant information
 - that new evidence has become available that could not have reasonably been provided for the FTSC and which could materially have affected the decision(s) of the FTSC
 - there was evidence of procedural irregularity in the conduct of the hearing by the FTSC
 - there was prejudice and/or bias and/or appearance of prejudice and/or bias in the conduct of the hearing of the FTSC
 - the outcome is not reasonable or proportionate
58. In the event of an appeal, the Executive Director will consider whether the grounds for appeal are covered by the provisions of paragraph 57 above and warrant further consideration by the Fitness to Study Appeal Panel (FTSAP).
59. If the Executive Director determines that there are no grounds for further consideration of the appeal, the matter will be referred to a member of the Strategic and Finance Board for consideration. If the member of the Strategic and Finance Board agrees that there are no grounds for further consideration, the Executive Director will inform the trainee in the form of a completion of procedures letter within ten working days giving the reasons for that decision. This decision is final and there is no further right of appeal. Trainees may be able to seek a review by the Office of the Independent Adjudicator (OIA) (see paragraph 66).
60. If the member of the Strategic and Finance Board determines that the appeal does warrant further consideration, the Executive Director will appoint a FTSAP.
61. The FTSAP will comprise:
- Chair of Compass Education Trust
 - one senior academic who has had no previous involvement in the case
 - one academic from the relevant subject area
 - Course Moderator

The SCITT office will be Secretary to the FTSAP and record the FTSAP's decision and justification for that decision.

62. The FTSAP will carry out a paper based review of all documents considered at the FTSC, together with the written statement submitted by the trainee setting out the grounds for the appeal. The FTSAP will not proceed by way of a re-hearing but will have the power to require the presentation of such further evidence as it deems necessary. The trainee will be informed of when the FTSAP will meet but will not be present.
63. The FTSAP will have the same powers as the FTSC and may confirm the decision of the FTSC or substitute such other decision as it considers appropriate.

64. When the FTSAP has reached its decision, the Secretary will inform the trainee in writing through the issue of a completion of procedures letter, copied to the Accounting Officer and Executive Director, within five days of the FTSAP meeting.
65. The decision of the FTSAP is final and there is no further right to appeal. Trainees may be able to seek a review by the OIA (see paragraph 66).

Further right to appeal

66. Trainees who are dissatisfied with the outcome of their appeal against a decision of the FTSAP may be able to seek a review by the OIA should the case be eligible under the OIA's rules (see <http://www.oiahe.org.uk/>). Details will be provided in the completion of procedures letter advising the trainee of the final outcome of their appeal.

Monitoring and Evaluation

67. BECTT will monitor and evaluate the effectiveness of the Fitness to Study Policy and reflect upon the outcomes for enhancement purposes. A report will be submitted annually to the Strategic and Finance Board. The report will include equality monitoring data.

July 2021

APPENDIX 1

ORDER OF PROCEEDINGS AT THE FITNESS TO STUDY COMMITTEE (FTSC)

1. At the start of the hearing, the FTSC will have a preliminary discussion in private. The Secretary shall then invite into the room:
 - the Chair of the CRG presenting the case
 - the trainee who is the subject of the hearing
 - any accompanying friend as permitted by the Policy
2. If the trainee fails to appear, the FTSC will consider whether or not to proceed with the case immediately and may do so provided it is satisfied that the trainee has been properly informed of the time and place of the meeting.
3. Any witnesses whom the FTSC has invited to attend shall remain outside the room in which the FTSC is sitting until called to give evidence.
4. The Chair shall state briefly why the FTSC is sitting.
5. The proceedings at the FTSC will usually follow the pattern described below:
 - all written evidence will be taken as read;
 - the Chair of the CRG will present their case;
 - the trainee will present their case;
 - the Chair of the CRG and the trainee may question each other and may each be questioned by the FTSC upon his/her statements or evidence, both written and oral;
 - witnesses are called one at a time and are questioned first by the FTSC then by the person who nominated them and finally by the other party;
 - following the withdrawal of any witnesses who have been called, the FTSC may ask any further questions of the trainee or the Chair of the CRG;
 - the Chair of the CRG may make a closing statement if wished (and may leave the hearing for a few minutes to prepare this);
 - the trainee may make a closing statement if they wish (and may leave the hearing for a few minutes to prepare this);
 - the trainee and Chair of the CRG will leave the hearing;
 - the FTSC will make a decision;
 - at the discretion of the Chair of the FTSC, the trainee and Chair of the CRG may be invited back to hear the outcome;
 - the hearing closes.
6. The order of proceedings will be at the discretion of the Chair of the FTSC. The ruling of the Chair on any point of policy shall be final.
7. The FTSC may at any time either before or during a hearing decide to adjourn the hearing for a period not normally exceeding seven working days.
8. The decision of the FTSC will be confirmed in writing to the trainee and to the Accounting Officer by the Secretary within five working days of the meeting of the FTSC.

APPENDIX 2

FITNESS TO STUDY POLICY: ROLES AND RESPONSIBILITIES

The Executive Director (or equivalent) shall:

- be informed that concern has been raised
- take immediate action on notification of a concern to safeguard all relevant parties
- where appropriate, appoint a Case Worker
- ensure that the FTSC and the FTSAP procedures are fully and properly followed
- be a source of independent advice to all parties in the FTSC and FTSAP
- receive and consider (in consultation with a senior representative of the awarding institution) appeals against decisions of the FTSC
- if it is decided (with the agreement of a senior representative of the awarding institution) that an appeal does not warrant consideration by an FTSAP, inform the trainee in writing giving the reasons within ten working days
- report outcomes of Fitness to Study cases to BECTT Senate annually

The Chair of the Case Review Group (CRG) shall:

- ensure that all relevant evidence is considered
- receive a written report from the Case Worker at the end of the agreed review period to determine the next course of action
- attend the FTSC to present the case

The Case Worker shall:

- at Stage 1, agree an action plan with the trainee and work in close liaison with the trainee and tutor/mentor
- at Stage 2, encourage the trainee's engagement with the recommendations made by the CRG
- ensure that the appropriate support is in place and liaise with specialist agencies to arrange a specialist assessment where appropriate
- hold regular meetings with the trainee, normally every three weeks, to review the trainee's progress and maintain records of meetings
- prepare a written report for the Chair of the CRG at the end of the agreed review period
- attend the FTSC and FTSAP as a witness if required

The Tutor/Mentor shall:

- attend meetings with the trainee and Case Worker as required
- liaise with the Case Worker as appropriate
- extend support to the trainee through the personal tutorial system

The Chair of the Fitness to Study Committee (FTSC) shall:

- ensure that the FTSC proceeds in quasi-judicial fashion and allows all relevant parties including the trainee the opportunity to present their case
- ensure that all relevant evidence is considered and ensure that the FTSC has all of the information it needs in order to reach a decision

- call witnesses to the FTSC and request further information/evidence required for the FTSC to reach a decision
- ensure that the FTSC reaches its decision based on the evidence before it from all relevant parties

The Secretary to the Fitness to Study Committee (FTSC) shall:

- ensure the FTSC procedures are fully and properly followed
- be a source of independent advice to all parties in the FTSC
- convene a meeting of the FTSC as soon as possible
- receive and send copies of all written evidence to all relevant parties
- be present for the proceedings of the FTSC to advise parties on procedure, take notes and record the FTSC's decision and reasons for the decision
- inform the trainee and Executive Director of the FTSC's decision in writing including informing the trainee of their right of appeal against the decision of the FTSC

The Chair of the Fitness to Study Appeals Panel (FTSAP) shall:

- ensure that all relevant evidence is considered and ensure that the FTSAP has all of the information it needs in order to reach a decision
- ensure that the FTSAP does not proceed as a re-hearing

Nominated Administrator of the Fitness to Study Appeals Panel (FTSAP) shall:

- ensure the FTSAP procedures are fully and properly followed
- be a source of independent advice to all parties in the FTSAP
- convene a meeting of the FTSAP as soon as possible
- receive and send copies of all written evidence to all relevant parties
- be present for the proceedings of the FTSAP to advise parties on procedure, take notes and record the FTSAP's decision and reasons for the decision
- inform the trainee that there is no further right to appeal and provide information on how to make a complaint to the Office of the Independent Adjudicator for Higher Education (OIA)

REPORTING A CAUSE FOR CONCERN FORM

This form should be used to report any cause for concern regarding a BECTT trainee and forms part of the Fitness to Study Policy. The Fitness to Study Policy applies to trainees enrolled on courses which lead to professional registration and/or licence to practise and where Disclosure and Barring Service (DBS) checks are required. Trainees on such courses have additional responsibilities placed upon them regarding their professional suitability, as outlined in the Teachers' Standards. Failure to meet these requirements may lead to the Fitness to Study Policy being invoked.

Concerns about a trainee's fitness to practise may be raised from any source, including any member of staff, trainee, placement mentor, member of the public, the Occupational Health Service or other agencies such as the Police or Social Services. Normally the allegation will relate to behaviour whilst the trainee is on BECTT's premises or in attendance at a placement setting related to the course. However, if it is reasonably believed that a trainee's behaviour off-site has damaged or compromised relevant professional standards, action may be taken in accordance with this Policy.

An allegation raising concern about a trainee's fitness to study is a serious and potentially defamatory one. Consequently all details and proceedings will be conducted on the basis of strict confidentiality.

DETAILS OF INITIATOR OF CONCERN

Full name	
Profession	
Role and how you know the trainee (e.g. personal tutor, mentor, practice education facilitator, fellow trainee)	
Job title	
Contact number	
Email address	

TRAINEE DETAILS

Full name	
Trainee number	
Course title	

NATURE OF CONCERN

Outline below, in detail, the basis of the concern, what action has been taken to date and list the evidence attached which supports the basis of the concern

Is the trainee aware of the concern?	YES <input type="checkbox"/> NO <input type="checkbox"/>
Is this the first concern regarding the trainee? If no, please provide details of previous concerns	YES <input type="checkbox"/> NO <input type="checkbox"/>
Has a Safeguarding Lead been informed? If so, please provide name	YES <input type="checkbox"/> NO <input type="checkbox"/>
Has anyone else been informed? If so, please provide name	YES <input type="checkbox"/> NO <input type="checkbox"/>

DECLARATION

I confirm that the information given on this form and in supporting documents is true to the best of my knowledge and belief.

Signed	
Date	

Where to submit your formal complaint

Once completed, this form and your supporting evidence should be submitted to the SCITT office:
